# CSIR-NEIST organized Motivational program for school students

(Top) Dr D Ramaiah, Director, CSIR-NEIST addressing the students in the inaugural session. Seated on the dais are (from left) Dr B K Sarmah, Director, DBT centre, AAU-Jorhat and Dr P Sengupta, Chief Scientist, CSIR-NEIST present as Guests of Honour. (Just above) Student participants with their teachers seen with Director, CSIR-NEIST and organizers of the program.

With an objective to motivate students towards basic science, CSIR-NEIST organized a weeklong motivational program during 7-12 April, 2016 at its premise. A total of 43 students of class XII (science stream) along with 9 teachers from different schools of Assam, Mizoram and Nagaland attended the program. The program started off with an inaugural program held on 7 April, 2016 presided over by Dr D Ramaiah, Director, CSIR-NEIST. Dr B K Sarmah, Director, DBT Centre, Assam Agricultural University (AAU)— Jorhat and Dr P Sengupta, Chief Scientist, CSIR-NEIST were present as Guests of

Glimpses of the week-long program held.

Honour. The week-long program included popular science talks, hands-on project work by students under the supervision of CSIR-NEIST scientists, Face-to-Face with scientists, elocution competition, visit to places of historical importance in Sivasagar district and visit to AAU. The program concluded with a short Valedictory program held on 12 April, 2016 presided over by Dr D Ramaiah. Certificates were distributed to the participants and winners of elocution competition were awarded with prizes during the program. The program received high appreciation and acknowledgement from the participants. The program was catalyzed and supported by RVPSP, DST, Govt. of India.

# **Honour/Recognition**

Dr D Ramaiah, Director, CSIR-NEIST has been appointed as an Editor of Journal of Photochemistry and Photobiology B: Biology with effect from 1 April, 2016. Dr Ramaiah has made important contributions to the general area of chemistry and particularly in the design and study of molecules for biological applications.

Some of his significant contributions include synthesis of novel NIR absorbing squaraines, porphyrins, clorins and aza-BODIPY dyes and also demonstration of their potential as sensitizers in photodynamic therapeutical (PDT) applications. He has published more than 100 research papers in peer reviewed international journals with an average impact factor of around 6. He has obtained 21 national and international patents and received around 2500 citations with an H-index of 31. The announcement from Elsevier mentions Dr Ramaiah as the third Editor of the Journal.

#### **Farewell**

The following members of the staff have retired from Council's service on superannuation from CSIR-NEIST on 30 April, 2016.

- 1. Dr Dilip Konwar, Chief Scientist
- 2. Mr Deben Kalita, Lab Assistant
