75 Years of  
CSIR Touching Lives

Dr Mukul R. Jain

Dr. Mukul Jain is a Senior Vice President, Zydus Research Centre (ZRC), Cadila Healthcare Limited, Ahmedabad.

Dr. Jain was the key person responsible for discovery & development of Saroglitazar /Lipaglyn™, the first new drug from an Indian Pharmaceutical Industry and also the first approved 'Glitazar' class drug in the world.

Besides Saroglitazar, his group has also developed 13 other NCEs that received IND approvals in India or abroad. He has also contributed to non clinical development of 13 recombinant biosimilar products and 12 vaccines. Eight of these biologics and two vaccines have come to market as well. His facility has been accredited by GLP Authority of India, AAALAC, NABL, CAP, ISO and OHSAS etc.

Dr. Jain obtained his B.Pharm, M.Pharm (Pharmacology), PhD (Medicine) degrees from Nagpur University. He also has a diploma in business management from Nagpur & a Certificate in Executive Management from IIM, Ahmedabad.

He worked briefly at Wockhardt and then at Ranbaxy Research Center before moving to University of Florida at Gainesville in USA. After spending three years in US, he returned to India & joined NIPER at Mohali as Assistant Professor. In the year 2000, he joined Zydus Research Centre and since then he has been associated with Zydus.

Although he is associated with an Industry, he has maintained academic interest and guided 12 PhD students and several masters' students. He has more than 215 research publications to his credit, which include 120 full length research papers in peer-reviewed International journals. He has also contributed to more than 38 patents as co-inventor.

Dr. Jain is a Fellow of Academy of Sciences for Animal Welfare and is associated with various International Societies like ADA, ASPET, AACR, ACS, AAAS, IBRO, EASD, IPS etc. and delivered talks on scientific topics at various national & international forums.
