EARTH DAY 2022

 **26 April, 2022**

Organizer

**Geo Sciences and Technology Division (GSTD)
CSIR-North East Institute of Science & Technology, Jorhat
Venue: J. N. Baruah Auditorium**

INVITATION

To

Dear Sir/Madam,

Earth day is an annual celebration honouring the achievements of the environmental movement and raising awareness on the importance of long term ecological sustainability. Earth Day encourages people to show their support for protecting the environment and promoting awareness about environmental issues such as pollution and deforestation. The event, which was first celebrated on April 22, 1970, has now grown to encompass a broad variety of activities organised internationally by EarthDay.org, with over a billion people in over 193 nations participating.

To pledge support for the environmental cause on Earth day and commemorate the occasion, a popular science talk is organized by CSIR-NEIST, titled: *The Creation of the Planet Earth as a Cosmic Miracle*, to be delivered by Professor A. Rajput.

Therefore, may we cordially invite you to join our hands to commemorate this year's Earth Day on 26th of April, 2022, the Tuesday from 2:30 pm onwards at Dr. J. N. Boruah Auditorium, please!

Sincerely
Organizing Committee
